Jeff,

Thank you guys for hosting yesterday. It was a good meeting that is going to help us move forward in the RD phase. I am looking forward to connecting back up next week. On a separate track, I'd like to talk more with you about how the city would like to publicize the work we have done at Allied Landfill. Could we talk later today about this? I'd like to get a bit more information that I would share with our public affairs department (slightly different than Diane's group). I know that we would be enthused to do something like this, I just want to bring more details. Also, were you thinking of bringing in any congressionals on this?

Thanks,  
Michael
